***Titanic Museum Attractions
Second Titanic Authors' Virtual Conference.***

Saturday, October 9, 2021.

Branson, MO. – For the second time, avid readers and collectors of books focusing on the *Titanic* will be able to interact with the authors, live, during a fan-requested, **Virtual Conference**, announces Mary Kellogg, **Titanic Museum Attraction's** President/CCO and Co-Owner.

Among the books and authors featured in this free private forum are:

• **10am – EST**

• ***The Two Pennies* – by Susie Milar**

The Two Pennies tells the true story of the Millar family in the lead up to *Titanic's* maiden voyage in 1912. It is a unique insight into how the tragedy affected ordinary lives, in particular those of Thomas Millar's two sons. The story continues to describe the aftermath of *Titanic's* sinking, using the voices of several different characters.

• **11am – EST**

• ***For the Sake of the Children* - by Joan Adler**

In 2007 a file of letters between University of Heidelberg roommates and lifelong friends, Otto Frank and Nathan Straus Jr., was found in the archives of YIVO: The Institute for Jewish Research. The letters revealed for the first time that Otto Frank, diarist Anne's father, tried desperately to get his family out of war torn Holland in 1941, fifteen months before they went into hiding in the now famous attic at Prinsengracht 263, Amsterdam.

• **NOON – EST**

• ***Diving Into the Deep* - by Lowell Lytle**

A young man rejects fame and fortune for a life of Christian service and experiences the heights and depths of swashbuckling adventure over and under the high seas. A gripping true story of risk and spiritual quest that takes him 2 ½ miles beneath the North Atlantic to *Titanic's* resting site.

• **1pm – EST**

• ***Titanic Behind the Scenes* - by Campbell Cloar**

Member at Titanic Museum Attraction in Pigeon Forge, TN, I enjoy bringing the Titanic to life for our visitors. I especially enjoy the children. Brimming with excitement and ready to embrace the experience with open arms, they often surprise and delight all of us with their unique perspectives. Much of *Titanic Behind the Scenes* is devoted to the fresh perspectives of these amazing children.

• **2pm – EST**

• ***My Autistic X-Factor* - by Brynjar Karl**

Brynjar Karl is a 10-year old boy with autism. His dream is to build a replica of his favorite ship, the Titanic, out of LEGO bricks, stretching 6.33 meters in length. This task takes him on an amazing journey where he has to overcome various obstacles. He gets his grandfather and mother involved to help him. With belief, a supportive team and determination, Brynjar finally reaches his dream goal and eventually much more than he had expected.

VIEWING REQUIREMENTS

- **FACEBOOK ACCOUNT** -
