## *Celebrate the Holidays at the Titanic Museum Attraction!*

**(BRANSON, MO – November 7, 2024)** - As the holiday season unfolds, the spirit of Christmas arrives at the Titanic Museum Attraction in Branson, Missouri. The captain and crew invite guests to an experience like no other – filled with timeless beauty, festive splendor and heartfelt tributes to the passengers and crew of the RMS *Titanic*.

“The Titanic Museum Attraction ushers in the holiday season with a touch of holiday charm both inside and out,” said Sean Skehan, General Manager. “This year, the museum transforms into a festive wonderland with glittering lights, nostalgic holiday sounds and decorations that capture the essence of Christmas. Visitors are invited to share the holiday spirit with the Titanic crew while marveling at the enchanting holiday displays. Guests can pay tribute to their assigned passenger with a heartfelt ornament that will hang on a special tree inside the museum.”

As part of a touching tribute to the youngest passengers aboard the *Titanic*, this year’s holiday theme features a delightful collection of teddy bears, each bearing the name of a child who sailed on the legendary ship. Lovingly placed among the museum’s glittering Christmas trees, these bears serve as gentle reminders of the children’s stories, infusing the holiday atmosphere with both warmth and reflection.

Visitors can purchase the special bears in the gift shop as a way to commemorate their holiday visit to the Titanic Museum, as well as the children who sailed the infamous British ocean liner.

Guests also are welcome to play a 1900s piano and walk an exact replica of the Grand Staircase, all while being immersed in the spirit of the season.

“Every day, the lives of the men, women, and especially the 135 children who sailed on RMS *Titanic*’s maiden voyage in 1912 are honored and remembered by our crew. During the special holiday season, those that make the Titanic Museum Attraction part of their holiday plans while in Branson will be able to experience what it was like to be aboard this great ship and how it might have looked had there been a Christmas voyage in 1912,” Skehan said.

This special exhibit runs from November through December 31, offering an unforgettable blend of holiday spirit and historical reverence.

###

The Titanic Museum Attractions in Branson, Missouri, (opened in 2006) and Pigeon Forge, Tennessee, (opened in 2010) showcase one of the world’s largest collections of Titanic artifacts and memorabilia. The museums’ mission is to honor the memories of all those who were aboard the ship in April 1912, and that human focus is what makes these world-class attractions among the most visited tourism sites in each of their home destinations. On a visit to either attraction, guests can get close to genuine artifacts from the *Titanic* and its passengers and crew members as they’re drawn into countless personal stories. Upon entering the museums, each visitor is issued a boarding pass with the name of someone aboard the ship; by the end of their tour, they know the fate of “their” person and hundreds of others. The attractions’ ongoing goal is to provide a stimulating connection to a remarkable moment in history, which families can experience together in an enlightening, educational and even entertaining way.
